

Monocacy Valley Montessori Public Charter School, founded in 2002, is Maryland's first Charter School. Each year we celebrate National School Choice Week, because we value the opportunity granted to us by FCPS and MSDE to choose the learning environment that is best suited for our children. During National School Choice Week, MVMPCS students wear yellow scarves to initiate discussions about school choice, perform a special dance, and gather with other schools to celebrate and educate others in our community.

In recognition of National School Choice Week 2021 and our ability to choose a public Montessori Education, a member of our MVMPCS community has generously agreed to match Annual Fund contributions up to \$2,100! *From January 25, 2021 through June 21, 2021, when any Meerkat makes a donation of \$21 or more to the 2020-21 Annual Fund, your first \$21 will be matched!** Consider donating \$21 or more to show appreciation for School Choice, and help MVM thrive!

mvmpcs.org/donate

* If a recurring donation is set up during this time, only the first \$21 of the initial recurring donation will be matched.
